

SERVING YOUR MEAL

Meal donors are welcome to serve hot meals directly to the men at the shelter. A group of 3-5 serving volunteers works well. If you would like to bring additional people, please check with us prior to the day.

Volunteers can submit proof of vaccination prior to their day of service by emailing it to volunteer@mcch.net.

We ask that one person take the lead to let us know who will be onsite serving at least 4 days prior to the day of service.

MCCH Onsite Volunteer Guideline for Safety

- **MCCH volunteers including meal servers are required to be fully vaccinated. Being fully vaccinated means having taken the applicable vaccination and booster shots.**
- **Volunteers can email Vaccination Cards to volunteer@mcch.net prior to serving day**
- **Volunteers will complete brief onsite screening questionnaire upon arrival**
- **N95 Masks are required while on MCCH site premises.**

Any questions?
